Career Objective

Recent B.Tech graduate seeking an entry-level Software Developer opportunity to apply knowledge of Python, Django, SQL, and web development. Eager to learn new technologies, develop reliable applications, and contribute effectively to a software development team.

Education

•Qis College of Engineering and Technology *2022 - 2026*

Bachelor of Technology (E.C.E), Andhra Pradesh CGPA : 8.1

•N.R.I Junior College *2020 - 2022*

Board of Intermediate Education, Andhra Pradesh

•Z.P High School *2019 - 2020*

Board of Secondary Education, Andhra Pradesh

Skills

- **Programming**: Python
- **Web Technologies**: HTML, CSS, JavaScript
- **Backend**: Django
- **Database**: MySQL, SQLite
- **Tools**: Git, GitHub, VS Code

Experience & Training

•Embedded Systems Workshop *Ongole, Andhra Pradesh*

ByteXL | Qis College of Engineering and Technology Jun 2024

– Completed hands-on training in Embedded C and microcontroller programming.
– Worked with Arduino and sensors to build basic embedded applications.
– Gained practical experience in hardware-software interfacing.

Projects

•QIS Virtual Campus Guide (Full Stack Web Application) *Ongole, Andhra Pradesh*

Python, Django, SQLite, HTML5, CSS3, Bootstrap 5, JavaScript Jul 2025 - Aug 2025

– Developed a Django-based college information portal with course details, fee structure, and campus tour information.
– Built responsive web pages using HTML, CSS, Bootstrap, and JavaScript.
– Implemented Django ORM, ModelForms, SQLite, and CRUD operations for admission enquiries.
– Managed application content using Django Admin Panel and Function-Based Views.

•Air Quality Monitoring and Automatic Ventilation System (IoT) *Ongole, Andhra Pradesh*

ESP32, Embedded C, Sensors, ThingSpeak Jan 2025 - Apr 2025

– Developed an IoT-based system to monitor real-time environmental parameters.
– Integrated MQ135, PM2.5, and DHT11 sensors for data collection.
– Automated ventilation using a relay based on sensor conditions.
– Visualized real-time sensor data using ThingSpeak.

Certifications & Achievements

- **Python Programming**: Codetantra IT Solutions Jul 2025
- **Internet of Things (IoT)**: Cisco Networking Academy May 2025
- **TCS iON Career Edge**: Young Professional Apr 2026
- **Embedded Systems Workshop**: ByteXL Jun 2024
